Color Change
ACC Application needed

_____ initial

My home is currently **pink**. The two choices above are the selection for **pink** homes. You may opt for either one. If you choose to change from pink to one of the other color choices, you must submit an ACC Application (enclosed) for review and approval. You may not have the same color as your neighbor.

Failure to make a selection will automatically select the "**default color**" which is "**Cinnamon 'n Spice #1215**".

Please complete this form and return for processing immediately.

You must complete this form and return for our records. If you previously sent in an ACC application to change the color of your home, we will match the application to this form and process accordingly. Indicate the ACC application was sent previously by checking in space provided. If it is found we do not have the form sent previously, you will be requested to submit a new form.
